XCelsius® Cooler Backpack with two Ice Packs

This insulated cooler backpack is designed to keep food and beverages cool or warm during travel, picnics, camping, outdoor activities and daily use.

Use

Place pre cooled or pre warmed food and drinks inside the insulated compartment. For optimal cooling performance freeze the ice packs for at least 6 to 12 hours before use and place them inside the backpack together with the contents. Close the zippers properly and avoid leaving the bag open for extended periods.

Safety Warnings

Do not allow children to climb inside or play with the cooler backpack to avoid suffocation risk. Do not sit or stand on the backpack and do not use it as a step. Take care when lifting a fully loaded backpack. Do not puncture, cut or open the ice packs and do not ingest the contents. Dispose of damaged ice packs according to local regulations. Avoid direct contact with eyes or skin if leakage occurs. If contact happens rinse thoroughly with water. Seek medical advice if irritation or rash occurs. Keep damaged ice packs out of reach of children. Keep the backpack away from open flames and high heat sources. Do not place ice packs in a microwave or oven.

Cleaning and care

Clean the backpack with a damp cloth. Do not use abrasive materials or harsh cleaning agents. Make sure the backpack is clean and completely dry before storing. Store in a dry place. Do not machine wash.

Materials

500D PVC tarpaulin 0.5 mm outer layer
25 mm EPE foam insulation
PEVA inner lining
Ice pack content water based cooling gel

Disposal

Dispose of the product and damaged ice packs in accordance with local regulations.
